CREATE OPPORTUNITIES

Your investment creates opportunities for your students, staff and school community. Please check the quotes from respected colleagues to the right-hand side that demonstrate the quality and value of our programs.

WHY ARE THERE COSTS?

The IMPACT Centre is an initiative of the Department of Education and Training (DET). DET leaders asked us to create a school-funded model that allows your school leaders to match our programs to your improvement agenda.

- We are fully-funded by investing schools and do not receive central funding.
- Your investment directly contributes to the salaries of IMPACT Centre staff and general operational costs (all of our team are employed by DET).
- More than 200 Queensland state schools see us as their performance partner and use our programs to target elements of their improvement agenda.

WHAT ARE YOUR OPTIONS?

- **Investing for Success (I4S)**, general school budgets and FTE staffing allocations provide opportunities for innovation and investment.
- Early bird options help us plan our HR needs in advance, offer our expert team members longer secondments/contracts and minimise the resources needed to train up new team members during the year.
- Contact us to discuss the **FTE option** e.g. 0.1 FTE = 3 groups for the year.

Join by Thursday 27 April

- The joining date for this option is **Thursday 27 April, 2017**.
- An invoice will be sent to your school during the relevant round.

SUCCESS STORIES

‘Our school community significantly benefits from this partnership. The IMPACT Centre’s expert staff and professional networks provide our students and staff with access to opportunities that they wouldn’t otherwise experience. The cost of involvement is very reasonable given the return on the investment. Every year we plan to extend the number of students and staff involved.’

Karen Tanks - Exec. Principal
Mansfield SHS - Metro

We invest a small fraction of FTE to access the IMPACT Centre’s programs. It works really well for us. We have been involved for a number of years and tracking of student results shows that involvement in the program has improved both A-E and NAPLAN results for those students.’

Mark Farwell – Principal
Craiglea SHS – Metro

### IMPORTANT FACTS

- Schools can enrol one or more groups in a project.
- A group is made up of 12-14 students
- An exception is **READiscover**, with a group made up of **8-10 students**.
- We can deliver to a whole class of 28 students at the same time by arranging for two of our teachers to work with your class as two separate but simultaneous groups (an exception is **READiscover**).
- The cost of a group is fixed.
- There is no reduction in cost if you do not fill the group.

### ADDITIONAL PROJECT FEES AND COSTS:

1) **Student headsets with microphone @ $20-$50 per unit** and wireless supervisor headset @ **$105 per unit**

2) **Code Breaker @ $25 per student** for electronics kit, posted to your school.

3) **Marine Zone @ $35 per student** for research voyage on-board **Inspiration** with Moreton Bay EEC (free for accompanying teachers), plus transport costs to and from Manly Boat Harbour, east of Brisbane.

4) **Big Day Out** – small fee for attendance at on-campus events at universities in 2017 e.g. $10-$15 per student, plus transport costs.

---

SUCCESS STORIES

‘I visited the IMPACT Centre during my time as a reviewer for DET’s School Improvement Unit. I came away very impressed and made sure our school joined up. This has been a very worthwhile investment for our school.’

**Jenny Maier – Principal**

**Kepnock SHS – North Coast**

It is essential that students wear a headset with microphone during their web conference. This ensures that your students can fully participate in lessons and get the most out of the project. We highly recommend that your supervisor wears a wireless headset with microphone. This enables them to move around the room, assist students when required and still keep up with the lesson activities.
