

IMPACT United is a network of professional learners who share a common purpose – successful implementation of the IMPACT Learning Framework. Programs are designed by the IMPACT Centre in collaboration with [Sentis](#).

## PSYCHOLOGY OF LEADERSHIP SERIES

Practical, psychology-based tools to support your established and emerging leaders. Cost is \$690pp.

Leaders are aware of organisational change models, but what about changing individuals?

How can you influence your team to get on board with your vision, strategic plan and the initiatives you are implementing? How do you build and sustain a high performance culture?

This program provides practical, psychology-based tools to support your established and emerging leaders as they lead the implementation of the IMPACT Learning Framework and other important school initiatives.
