

Why join?

- ✓ Discover the skills and strategies that your students are learning via our U2B Booster programs.
- ✓ Plan how you can support the transfer of these skills and strategies to general classroom learning.
- ✓ Access digital learning resources created or located by our team that can be used with any student.
- ✓ Collaborate with our specialist teachers and other participating educators across the state.

Who can join?

Capability Squad registration and membership is **free** as follows:

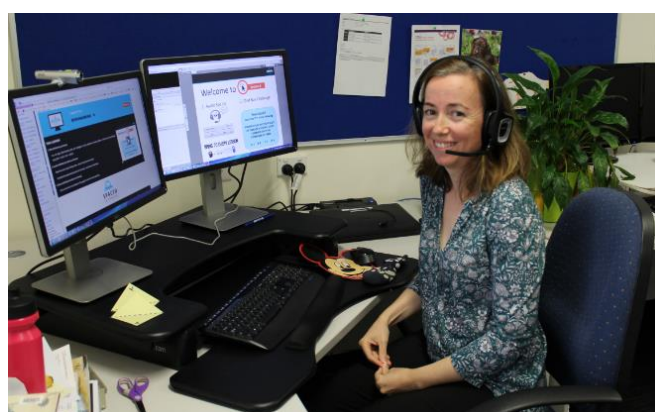

- **Reading Squad** – free and exclusive access during the rounds that your students participate in **Comprehend IT** (Years 2-3 or Years 4-5).
- **Writing Squad** – free and exclusive access during the rounds that your students participate in **Just Write** (Years 2-3, Years 4-5, Year 7 or Years 8-9).
- **Numeracy Squad** – free and exclusive access during the rounds that your students participate in **Solve IT** (Years 2-3, Years 4-5, Year 7 or Years 8-9).

NB: Squad members can include class teachers of participating students and other relevant staff such as a HOC, HOD, Coach, Master Teacher, STLaN, Librarian, Teacher-Aide, Principal, etc.

How does it work?

- You will be invited to join after your students register for a U2B Booster project.
- You will be enrolled in an eLearn course and then access web conferences and activities through this platform.
- We will provide 4 x 30 minute web conference sessions on a fortnightly basis during the project round – the schedule will be developed each round.
- You can access squad resources and web conference recordings on-demand via eLearn.
- You can communicate and collaborate with your IMPACT Centre Squad Leader and other squad members as required.

NB: Live participation in web conferences is highly recommended but staff can access recordings and resources if they cannot attend the live session.
