### DEVELOP YOURSELF, DEVELOP YOUR TEAM

*IMPACT Innovators* provides the expert guidance, collaborative network and professional learning pathway required to improve digital pedagogy and build on your school's technology-based transformation.

- ✓ **Improve pedagogical practices** by using coherent, evidence-based criteria for the selection of digital learning tools that complement and add value to a traditional pedagogical framework.
- ✓ **Enhance curriculum delivery** by developing formalised digital tasks within and across Australian Curriculum learning areas that build teacher capability and transform student learning.
- ✓ **Develop expert teaching teams** through a culture of continuous professional improvement and sharing of best practice within school teams and across the *IMPACT Innovators* network.

### WE SUPPORT YOUR SUCCESS

IMPACT Innovators presents your leaders and teachers with an excellent platform for professional growth.

You can also create a school-community partnership with the IMPACT Centre and our university/industry partners.

Members include principals, school leaders and teachers from over 30 schools across all seven regions of Queensland.

## HOW IT WORKS

1. Join via a two-day foundational workshop.
2. Implement pilot projects.
3. Intentionally collaborate within your school and across the network.
4. Scale up your school's involvement and engage in action research.
5. Be a transformational leader!

## TARGET AUDIENCE

Primary and secondary school educators are encouraged to join - including principals, school leaders and teachers.

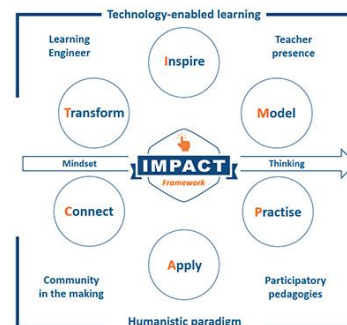

- Small schools/clusters can register one staff member.
- Medium-large schools/clusters should register at least two members initially, with a view to growing membership across your school. We recommend that you develop a 'Digital Transformation Team' involving representatives from senior management, middle management and the teaching staff. You can register one staff member if desired.

## WHAT DOES MEMBERSHIP LOOK LIKE?

Membership begins with a two-day foundational workshop – facilitated by digital pedagogy experts from the IMPACT Centre and [Sentis Education](#) (face-to-face format). Content includes:

- active participation in technology-enabled learning experiences - used as exemplars;
- analysis of effective digital pedagogical practices that complement and add value to mainstream pedagogies including explicit instruction and inquiry learning;
- an introduction to the [IMPACT Learning Framework](#) – that provides a coherent, evidence-based criteria for the selection of digital learning tools and has been assessed by Griffith University researchers as 'a dynamic, valid and transferable instrument that utilises a more integrated approach to teaching and learning.'
- structured collaboration and networking with workshop participants.

Members then join the network for a minimum of 12 months and enjoy full access to:

- Masterclasses delivered by digital pedagogy and technology experts and accessible via hybrid online and face-to-face delivery - with topics including Leading Pedagogical Change, Action Research/Inquiry Cycles, Emerging Technologies and Systematic Curriculum Delivery;
- Online modules relating to digital pedagogies and curriculum delivery;
- Regular online collaboration with like-minded members, along with Member Symposiums and other interactions.

## WHAT DOES MEMBERSHIP COST?

- The membership fee is **\$950 per person** – including participation in the foundational workshop and access to all network activities and resources for **12 months**.
- Member subscriptions can be renewed annually at a reduced cost.
- **School principals join for free** – no charge for the foundational workshop and no charge to join the network for the first year (not transferable to other staff).

**Note:** The costs above apply to Queensland state government schools. Teacher Relief Scheme (TRS) and travel costs may be necessary to attend face-to-face workshops.
