

Investment options and costs

2021 Student Programs

It's time to create an expert teaching team for the 21st century!

Our specialist online teachers login to schools across Queensland and the world to address one of the most vexing issues in education – teacher supply and capacity.

Augment your on-site staff with our online staff. Some of your team walk through the gate, while others beam in to work directly with your students and collaborate with your on-site staff.

John, Katie and Andrew are examples of the specialist teachers available to your school

Cost-recovery model

- The IMPACT Centre operates on a user-pays, cost-recovery model.
- Your investment pays for staff salaries and operational costs.
- Department of Education leaders asked us to create this school-funded model so that each school can match its improvement agenda to our initiatives and invest accordingly.

Investment methods – cash or FTE (Queensland schools)

- Your school can invest cash budgets, the most popular being [Investing for Success \(I4S\)](#), [Advancing STEM in primary schools](#) or other internal budget allocations – we invoice your school during the program.
- Alternatively, school leaders can invest a small fraction of your school's full-time equivalent (FTE) staffing allocation – simply transfer the FTE to the IMPACT Centre via School Budgeting Solution (SBS) after Day 8 in 2021.
- You can also offer parents or community organisations the opportunity to pay for or subsidise the programs – this may depend on your school context.

What are the costs?

- The costs outlined in this document apply to all projects in the critical thinking, STEM, literacy and numeracy series.
- These projects run for 12 weeks and involve 1 x 60-70 minute web conference lesson per week plus “anytime” access to online reinforcement/extension activities.

Note – The pricing in this document applies to Queensland state schools. Pricing for schools from outside the Queensland state school sector is negotiated and will be higher than the costs outlined in this document.

Option 1: Participate in all three rounds – early bird

This is an early-bird rate, reserved for schools who participate in all three rounds during 2021.

- **\$290 per student** per round or **\$4,300 per group** of 15 students per round
- **Register by Monday 16 November 2020** - pay by 1 March 2021
- Contact us if you would like to request **early payment** in Term 4 2020.

No. of groups	No. of students	FTE Fraction	Cash \$4300 per group
3 groups across the year	45 places for the year	0.1 FTE	\$ 12900
6 groups across the year	90 places for the year	0.2 FTE	\$ 25800
9 groups across the year	135 places for the year	0.3 FTE	\$ 38700
3 x ½ groups for the year*	23 places for the year	0.05 FTE	\$ 290 pp
Individual students*	1 or more – school choice	By negotiation	\$ 290 pp

*Band 5-8 primary schools only

Note – The table above lists examples, however we can customise student places and pricing.

Option 2: Participate in one or two rounds – early bird

This is an early-bird rate, reserved for schools who participate in one or two rounds during 2021.

- **\$295 per student** per round or **\$4,400 per group** of 15 students per round
- **Register by Monday 16 November 2020.**
- Pay during the relevant round in 2021 – approximately 1 March, 1 June or 1 September.
- Contact us if you would like to request **early payment** in Term 4 2020.

No. of groups	No. of students	FTE Fraction	Cash \$4400 per group
1 group in any round	15 places	By negotiation	\$4400
2 groups in 1-2 rounds	30 places		\$8800
3 groups in 1-2 rounds	45 places		\$13200
½ group in any round*	7-8 places		\$295 pp
Individual students*	School choice		\$295 pp

*Band 5-8 primary schools only

Option 3: Participate in 1 or 2 rounds – standard

This is the standard rate. It applies to schools who register after Monday 16 November 2020 and during the 2021 school year.

- **\$300 per student** per round or **\$4,500 per group** of 15 students per round
- Pay during the relevant round in 2021 – approximately 1 March, 1 June or 1 September.
- Contact us if you would like to request **early payment** in Term 4 2020.

No. of groups	No. of students	FTE Fraction	Cash \$4500 per group
1 group in any round	15 places	By negotiation	\$4500
2 groups in 1-2 rounds	30 places		\$9000
3 groups in 1-2 rounds	45 places		\$13500
½ group in any round*	7-8 places		\$300 pp
Individual students*	School choice		\$300 pp

*Band 5-8 primary schools only

Additional costs may apply

- Each participating student must use a headset with microphone (\$40-\$60 per headset). You will need to buy this equipment if it is not currently available.
- Our science/technologies programs have an extra fee of \$35pp – for electronic kits or excursion fees. See individual [STEM programs](#) for details.

Technologies subjects – different costs apply

We also offer Digital Technologies or Design and Technologies subject courses that run for a full semester.

Different costs apply because they run for a longer time period (\$495 per student per semester).

See individual subject pages for details.
